DISTANCE LEARNING NEWSLETTER FOR PARENTS

English Learner Support Division
California Department of Education

A Letter from the California Department of Education

DEAR PARENTS,

Governor Gavin Newsom has issued a stay at home order for California. Everyone is required to stay home except to get food, care for a relative or friend, get necessary health care, or go to an essential job.

Local schools and districts will be reaching out to parents if they have not already done so to provide further information about distance learning during Coronavirus (COVID-19) related school closures.

In addition to the resources your local school or district will provide, the California Department of Education will also share resources to support families with distance learning in this weekly newsletter. Each issue will focus on resources for a different subject area, topic, or student group.
